

MCX Connector (Right Angle)

PCB Mount Type

withwave

Versatile RF & MW Test Solutions

Withwave's MCX Connectors are designed based on precision RF interconnection technologies. It's manufactured for efficient mounting to printed circuit boards according to various kinds of applications. The RF connector interfaces ensure an excellent RF performance.

Specification

Scope	Specification	PM10FR001
Electrical	Impedance(Ohm)	50
	Operation Freq.(GHz)	DC to 6 GHz
	Dielectric	PTFE
Material	Center Contact	Beryllium copper with gold plated
	Body	Brass with gold plated

* RoHS Compliant

Drawing
